## WEB DEVELOPER | FRONT END DEVELOPER

Web Developer and UI/UX Designer with experience building AI-integrated, responsive front-end architectures and internal business tools. Skilled in creating dynamic interfaces using Vue.js, Vuetify, and Bootstrap, integrating REST APIs and AI services (Claude AI, ChatGPT), optimizing performance, and delivering clean, maintainable code across both customer-facing and internal applications. Specialize in developing scalable interfaces and intuitive user experiences, while maintaining the versatility to work across the full stack. Bring a strong foundation in education and instructional design, enabling clear communication, effective documentation, and the ability to simplify complex concepts.

### CORE EXPERTISE

Website Design | User Interface Design | User Experience Design | Creative Problem Solving | Strategic Solution Development | Collaborative Team Player | Agile Methodology | Integrated Development | Clear Communications | Responsive Design Thinking | Analytical Decision Making | Process Improvements | Workflow Automation | AI Integration | Current Technology Trends

### TECHNICAL PROFICIENCIES

HTML | CSS | Javascript | Figma | Vue.js | Vuetify | Axios | Bootstrap | SQL | Git | iOS | Python | Django | Custom APIs | Bitbucket | Jupyter Notebook | Visual Studio Code | Vuex | Quasar | Sourcetree | Remedy | ASP.NET | REST API | JSON | Strapi | Cognito | Postman | Azure | Atlassian | Jira | Slack | NVDA | Confluence | Supabase | ApexCharts | Vercel | **Claude AI** | **ChatGPT** | **LLaMA-2** | **Prompt Engineering** | **Generative AI Integration**

### DEVELOPMENT EXPERIENCE

#### WEB DEVELOPER | TELEFLEX | 2021 – Present | *Full Time*

- Maintain and update websites and web applications using content management systems, APIs and various JS frameworks.
- Collaborate with customers and team members to provide accurate and timely results using best practices and responsive design.
- Lead UI development strategies for third party applications based on the latest UI/UX design principles.
- Design and maintain back-end systems and APIs using C# and ASP.NET to improve functionality and scalability.
- Design and implement user interfaces using HTML, CSS, and JavaScript; collaborate in Figma to translate mockups into responsive, pixel-perfect web experiences.

#### TEAM LEAD – TEACHING EXPERT | Mercor AI | 2025 | *Freelance Contract*

- Led a team collaborating with subject-matter experts to create realistic and engaging scenarios for an experimental AI-driven research project.
- Design and evaluate instructional prompts, model responses, and example work products to ensure quality and educational accuracy.
- Provide clear, actionable feedback to improve logic, clarity, and overall educational quality across AI-generated content.

#### DIGITAL INTERACTIVES DEVELOPER | GREATMINDS | 2023–2024 | *Freelance Contract*

- Developed an innovative accessibility tool to assist team members in converting lessons into accessible formats, enhancing content accessibility and usability.
- Focused on ensuring WCAG compliance for each lesson, contributing to a more inclusive and effective learning environment.
- Played a pivotal role in cross-functional team efforts, integrating educational insights with technical solutions to optimize lesson delivery.

### DEVELOPMENT PROJECT EXPERIENCE

#### RESTAURANT RATER – *restaurant-rater-psi.vercel.app*

- Built a full-stack social check-in app for logging and sharing restaurant experiences; users search via Google Places API, rate across four dimensions, and share with connections.
- Implemented real-time social feed with photo cards, multi-dimensional rating with auto-calculating composite scores, auto-hosting photo system, and JWT-based auth via Supabase Row Level Security.
- Stack: Vue.js 3 · Vuetify · Supabase · Google Places API · Vercel

#### HEALTH AI DASHBOARD – *health-ai-dashboard-eosin.vercel.app*

- Personal health analytics dashboard connecting Apple Health data with Claude AI for intelligent trend analysis; visualizes 90 days of activity, sleep, and body composition metrics.
- Integrated Claude AI for contextual health insights, interactive ApexCharts with custom dark theme, and serverless CORS proxy. Privacy-first architecture stores all data on-device via local storage.
- Stack: Vue.js 3 · Vuetify · ApexCharts · Claude AI · Vercel

### ACCESSIBILITY (A11Y) TOOL

- Engineered an advanced accessibility tool aimed at transforming traditional HTML content into accessibility-compliant formats for educational use.
- Designed an intuitive GUI allowing users to input HTML and receive WCAG-optimized content; implemented flexbox table conversions for enhanced adaptability and inclusive web layouts.

### MEMENTO MORI

- Conceived and developed a Vue.js application encapsulating the Stoic philosophy of Memento Mori, encouraging life reflection and mindfulness with an aesthetically contemplative design.

## LEADERSHIP & TEACHING EXPERIENCE

### INSTRUCTOR | SEO Scholars | 2020 – 2023 | *Part Time Contract*

- Tailored curriculum and inclusive remote instruction to 30 diverse students; consistent record of 100% pass rates through customized curriculum, assignments, and assessments.
- Planned, researched, and collaborated with co-instructor to deliver weekly advanced student instruction using Jam Board and Desmos.

### HIGH SCHOOL MATH TEACHER | Rolesville High School | 2020 – 2021 | *Full Time*

- Facilitated 30 students' progression through math courses across 3 daily 90-minute classes; collaborated with specialists to deliver against IEP requirements for 50% IEP population.

### MATHEMATICS TEACHER | Hyde Leadership Charter School | 2018 – 2020 | *Full Time*

- Designed and led 1/2-year Coding Course based on Bootstrap Algebra; researched, wrote curriculum, and convinced administration to offer the class as a school-wide initiative.

### ALGEBRA & GEOMETRY TEACHER | New Visions Charter School | 2016 – 2018 | *Full Time*

- Accelerated Regents Exam scores by 22% within the 1st year; created Peer Influence Club reducing behavioral disruptions by 30% through tactical mentoring of 20 members.

## EDUCATION, CERTIFICATION, & PROFESSIONAL DEVELOPMENT

**MASTER OF SCIENCE | Educational Psychology** | Marist College | Poughkeepsie, NY  
5–6 Extension Certificate

**BACHELOR OF ARTS | Secondary Education** | Iona College | New Rochelle, NY  
NCATE Accreditation | Mathematics, Grades 7–12 Certificate

**CERTIFICATE** | Design Rules: Principles + Practices for Great UI Design | **Udemy**

**CERTIFICATE** | How to use ChatGPT and Generative AI to help create content | **Udemy**

**CERTIFICATE** | Prompt Engineering with LLaMA-2 | **NVIDIA**

**CERTIFICATE** | Build a Website | Codecademy

**CERTIFICATE** | Front End Engineer | Codecademy Pro

**CERTIFICATE** | Python Bootcamp | Udemy

**CERTIFICATE** | Crash Course | Eric Matthes

**CERTIFICATE** | Learn JavaScript | Codecademy

**CERTIFICATE** | Learn CSS | Codecademy

Bootstrap Algebra | bootstrapworld.com

**CERTIFICATE** | Intermediate CSS | Codecademy

**CERTIFICATE** | Learn Responsive Design | Codecademy

**CERTIFICATE** | Learn Color Design Course | Codecademy

**CERTIFICATE** | Learn HTML | Codecademy

**30 Days of Code** | Hackerrank Challenges

## HONORED ACCOLADES

*"While Paul is a young teacher, he displays professionalism and conscientiousness of a seasoned veteran. As a geometry teacher, Paul worked in tandem with his Co-teacher. The systems and routines were clearly outlined throughout the room and soft chatter about math was commonplace. In the CS through Algebra course, Paul showed a willingness to learn with his students through code. His humility and patience were on full display as the varying level of math ability and comfort in the room was vast... His willingness to take on new challenges has made him even more versatile... His professionalism and humility continue to grow as a model for students and staff alike." — Matthew Hittenmark, Director, Hyde Leadership (Now LION) Charter*
